The Revivers
25 May, 2023

Actions to stop doing:

- The team is satisfied with our current progress as the team is meeting 3 times a week and working effectively to complete goals outlined in the Sprint Plan. We keep track of meeting progress, and help each other out when people have questions.

Actions to start doing:

- Start wrapping up and cleaning up our extension
- Start documenting progress more.

Actions to keep doing:

- Showing up on time for meetings.
- Maintaining great communication during meetings.
- Work collaboratively and answer questions.
- Actively communicating between the frontend and backend team.
- Continuously implementing and testing MVP features for the frontend.

Work Completed/Not completed:

- User Story #2.2: As a commenter I want to be able to be identified by my username [5] (Completed)
- User Story #2.3: As a commenter I want to be able to reply to others [2] (Not Completed)
 - The reply endpoint and schema are setup in the backend (Completed)
 - Replies appear as regular comments and not as subcomments to a comment (Completed)
 - Still need to implement the reply feature in the frontend (Not Completed)
- User story #3.1: As a YouTube user I want to be able to comment and see other people's comments in real time [5] (Not Completed)
