Sprint 4 Report
YT Comments Reborn
The Revivers
6 June 2023

Actions to stop doing:
- The team is satisfied with our current progress as the team is meeting 3 times a week and working effectively to complete goals outlined in the Sprint Plan. We keep track of meeting progress, and help each other out when people have questions.

Actions to start doing:
- Start wrapping up and cleaning up our extension
- Start documenting progress more.

Actions to keep doing:
- Showing up on time for meetings.
- Maintaining great communication during meetings.
- Work collaboratively and answer questions.
- Actively communicating between the frontend and backend team.
- Continuously implementing and testing MVP features for the frontend.

Work Completed/Not completed:

- User Story #4.1: As a YouTube Comment Reader I want to be able to like/dislike comments [2] (Completed)
    - Create backend request to get likes/dislikes (Completed)
    - Setup web server endpoints to pass likes dislikes (Completed)
    - Pass like/dislike updates from frontend to backend (Completed)
- User Story #4.2: As a YouTube user I want to be able to sort comments by date or popularity [1] (Completed)
    - Have a set of buttons that change the sorting behavior of the comment section by either date or popularity (Completed)
- User story #2.3: As a commenter I want to be able to reply to others [2] (Completed)
    - Create POST request when user clicks "Reply" button on overlay (Completed)

Work Completion Rate:

100% completion Rate
~15 ideal work hours
~5 days during Sprint 4
