Sprint 1 Report
YT Comments Reborn
The Revivers
27 April, 2023

Actions to stop doing:
- The team is satisfied with our current progress as the team is meeting 3 times a week and working effectively to complete goals outlined in the Sprint Plan. We keep track of meeting progress, and help each other out when people have questions.

Actions to start doing:
- Communicate more between the frontend and backend team
- Everyone help with implementing and testing MVP features for the frontend

Actions to keep doing:
- On time for meeting
- Great communication during meetings.
- Work collaboratively and answer questions

Work Completed/Not completed:

- User Story #1.1: As a YouTube viewer I want to make a comment on restricted videos and see it. (Partially Complete)
    - Locate the div that would be replaced (Completed)
    - Set up work environment (Completed)
    - Able to have HTML overlay (Not completed)
    - Setup database and get basic schema (Completed)
    - Make a web server with initial endpoints (Completed)
    - Make server interact with database (Completed)
- User Story #1.2: As a user, I would like to use the app as Chrome extension (Completed)
    - Make frontend app as chrome extension (Completed)

Work Completion Rate:
83% completion Rate
~15 ideal work hours
~5 days during Sprint 1
